

A central location is key to enjoying Strasbourg, since the main attractions are contained within a large pedestrian area - so book a hotel outside, and you are out of the action.

This is why the Sofitel is a great choice of hotel while in Strasbourg.

You are within the canals, and a brief walk from everything! You will not need a taxi, and not even a tram: you are in the heart of Strasbourg, and within the UNESCO world heritage site!

A home away from home, the lobby is light and roomy, and a welcome place to sit and chat or read a book.

Just outside, the hotel provides a friendly café, where you can enjoy a perfect coffee, or scoff fresh croissants for breakfast!

The entrance is not ornately grandiose, though the plaque assures that the Sofitel Strasbourg is a five-star property.

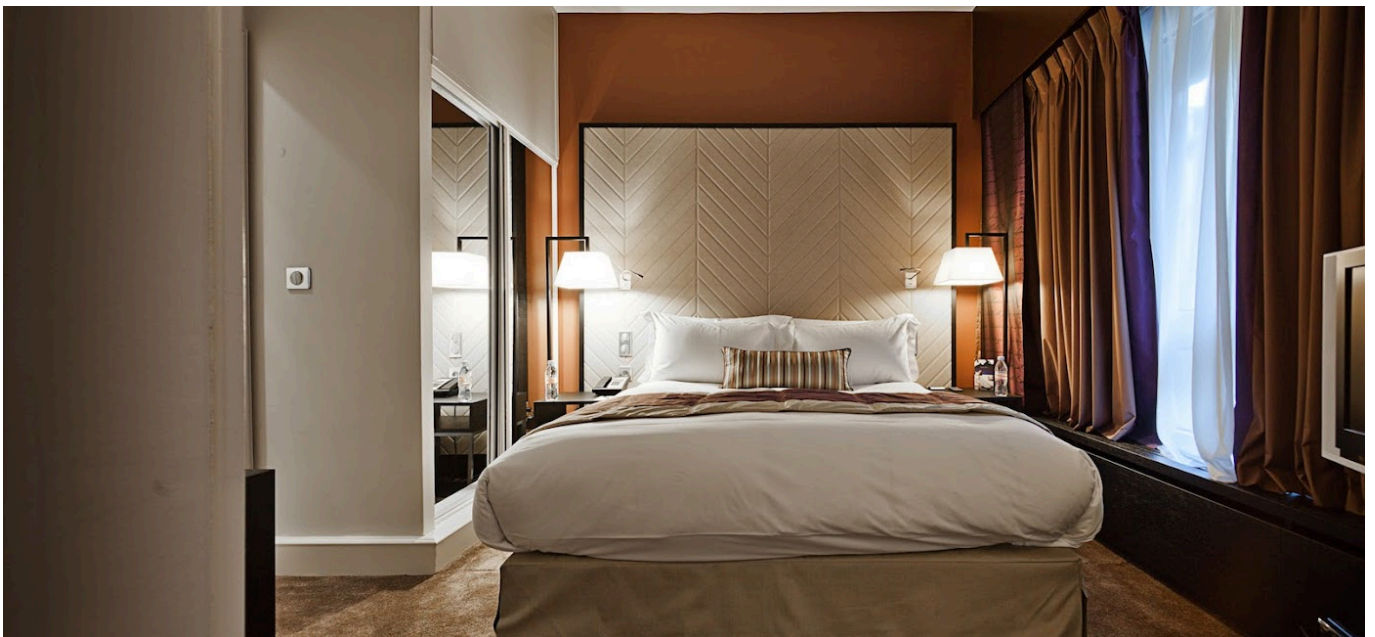

The restaurant options are colorful and delicious, and there is something for everyone.

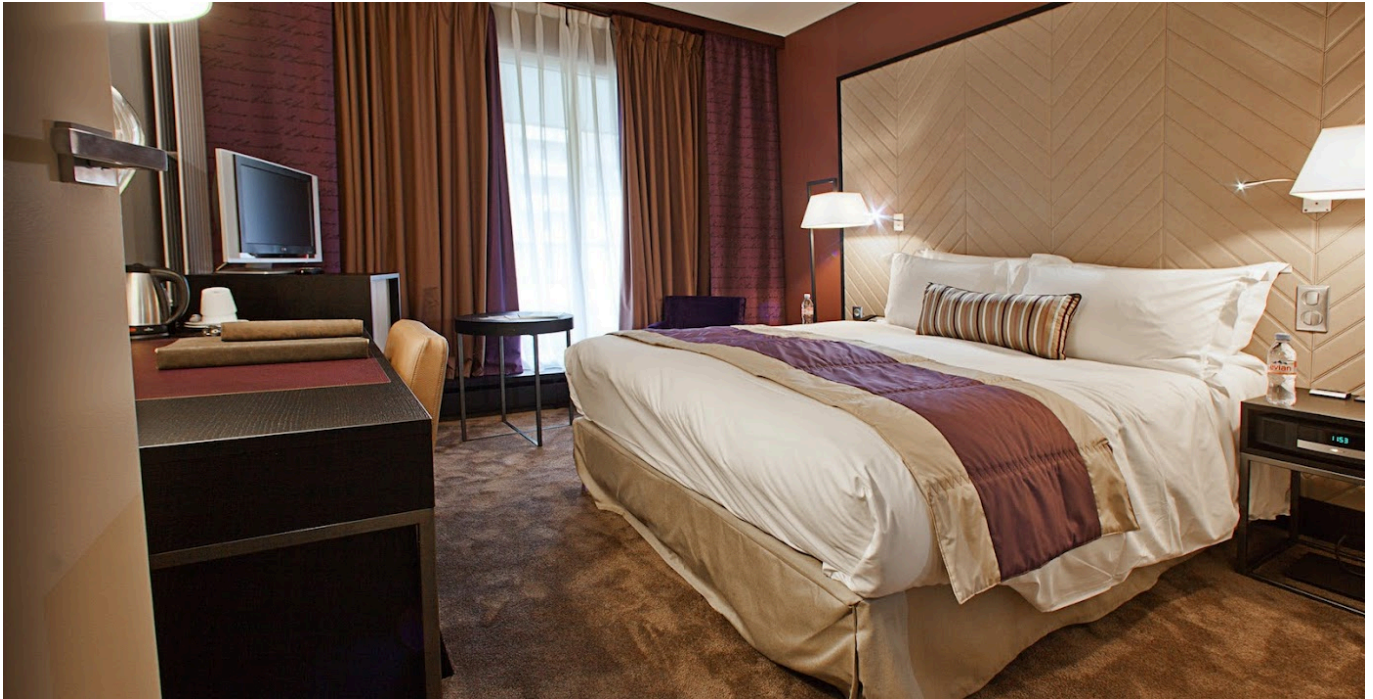

I think above all else, the Sofitel Strasbourg has super-comfortable beds!
