

The Dusit Thani Abu Dhabi is exquisitely Thai.

A luxury 5-star city hotel, the Dusit Thani Abu Dhabi impresses from the very first instant you enter with a majestic lobby, rising up into open space to a breath-taking 37 floors!

But it is the little things that make your stay special at the Dusit Thani Abu Dhabi.

And this attention to detail, and to artistic aesthetic value, is typically Thai; and it was a real pleasure to see how the hotel brand presents its core culture so effectively.

From the sincere greeting on arrival,

to the decor accents.

Especially pleasing was the blend and respectful inclusion of the host culture.

And this spirit of tasteful balance and serenity extends to all aspects of your stay - for instance, while visiting the spa, where not only a full selection of massages are offered, but also yoga practice with Indian guru Ganesh Moorthy was a deeply satisfying experience.

This sophistication naturally extends to the guest rooms, where all amenities are at your fingertips, as well as astounding views over the city!

Of particular luxury are the suites, and even the longer-term apartments, which offer an added variety of options for guests.

And last but not least, if you by chance are planning a wedding or other important function in Abu Dhabi, check out what the Dusit Thani can do for you!
