

Rebelot del Pont is a trendy fine-dining eatery that pushes forward a concept of cutting-edge food and magic-potion drinks!

It

carries attitude, and it offers a unique dining experience.

At the same time, it excels at presenting extremely high quality drinks, both alcoholic and not.

But it is the food that will shock your senses at Rebelot!

It's hard to describe, because it is so insane... in a good way: insanely good, insanely off-the-beaten-path, insanely delicious.

It is as if mad scientists are cooking in that kitchen!!!

They select the choicest fresh ingredients, seasonally, and then they go wild with their imaginations!

The dishes are a creation of art - there, that's probably the best way to describe the fine dishes the Rebelot serves!

Consider that Rebelot del Pont created 250 different dishes last year...

That's how they roll!

The Chef team continuously create - pure cooking innovation!

We suggest going for the set menu on your visit - it comprises 5 or 6 dishes, in small portions, and they will rock your world!

We'll go further and wager that for sure you will never have tasted at least three of those dishes in your life.

Maybe even all 5-6!!!

The atmosphere is tingling at Rebelot, although the locale is rather small.
