

BFF Gastro Bar & Lounge in Dubai

BFF is a family-friendly neighborhood sports bar - on steroids!

A Gastro Bar & Lounge

An enormous space, where you're bound to find your niche.

Decorated with joy, BFF stands for Brew Food Friends, and it delivers on all three.

The Food is forward-thinking, and superlicious!

They add beetroot juice in the bread buns, to color them red - who'd have thought!

And there's no skimping on quality ingredients with Friends...

Brew is always a beck and call away - and the staff is young and friendly.

And they'll mix you a mean cocktail, if you like.

The menu is excellent in its balance between being innovative and yet also offering your favorite gourmet pub food - and the quality is impeccable.
