

Flavours Iftar at Sheraton Abu Dhabi Hotel and Resort

It's not easy to get an Iftar right, not even if you're a five-star hotel!

Actually, especially if you're a five-star hotel - and double-especially if you've been the capital's center of hospitality since 1979!

There's a risk of going overboard with glitz - clearly, gigantic ice sculptures, peacock feather arrangements, and faux gold all over the place is a mistaken avenue, yet one that so many top hotels head down in their efforts to impress.

With grace and humble perfection, the Sheraton Abu Dhabi brings together its expertise and delivers a respectful, warm, and cozy Iftar buffet, that your family and friends will appreciate and enjoy - like being in your own five-star home.
