Nestled in prime location in Dubai Marina, Alloro is an Italian restaurant within the Wyndham Hotel.

The Iftar buffet was modest but it was interesting to sample a variety of dishes rather than the usual Arabianonly fare – at the same time, Alloro also offered regional favorites.

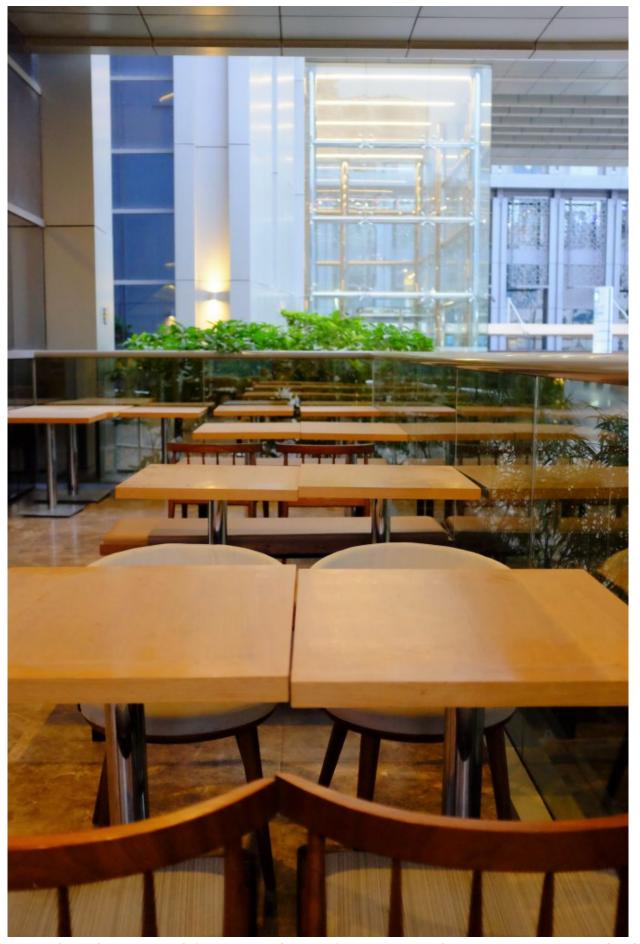

The restaurant itself has cozy corners and also an outdoor seating area.

While it would be interesting to try also the a la carte offerings at Alloro, where the true Italian flavors can be highlighted, it was interesting to experience an Iftar different than normal.
