What a feeling!

You feel like you're on top of the DIFC world.

A world of dare, of calculated entrepreneurial risk, of pushing the boundaries - of life, of work, of leisure.

This is who you are - this is where you've reached.

And AER is where the action's at.

But the surprise was the food!

So many cocktail lounges impress on the drinks and atmosphere front, but then they fall the moment you order something to eat.

It seems they can do one or the other, but not both.

AER instead is a natural multi-tasker!
