

## JA Lake View Hotel in Dubai

A spectacular new redevelopment of the Jebel Ali beach area has been completed while the construction of the Palm Jebel Ali is paused, and within the new JA The Resort grounds you will find Dubai's prestigious JA Lake View Hotel.

Although part of this fantastic multi-property resort area, the JA Lake View Hotel stands on its own in terms of its five-star facilities - and it is truly second to none.

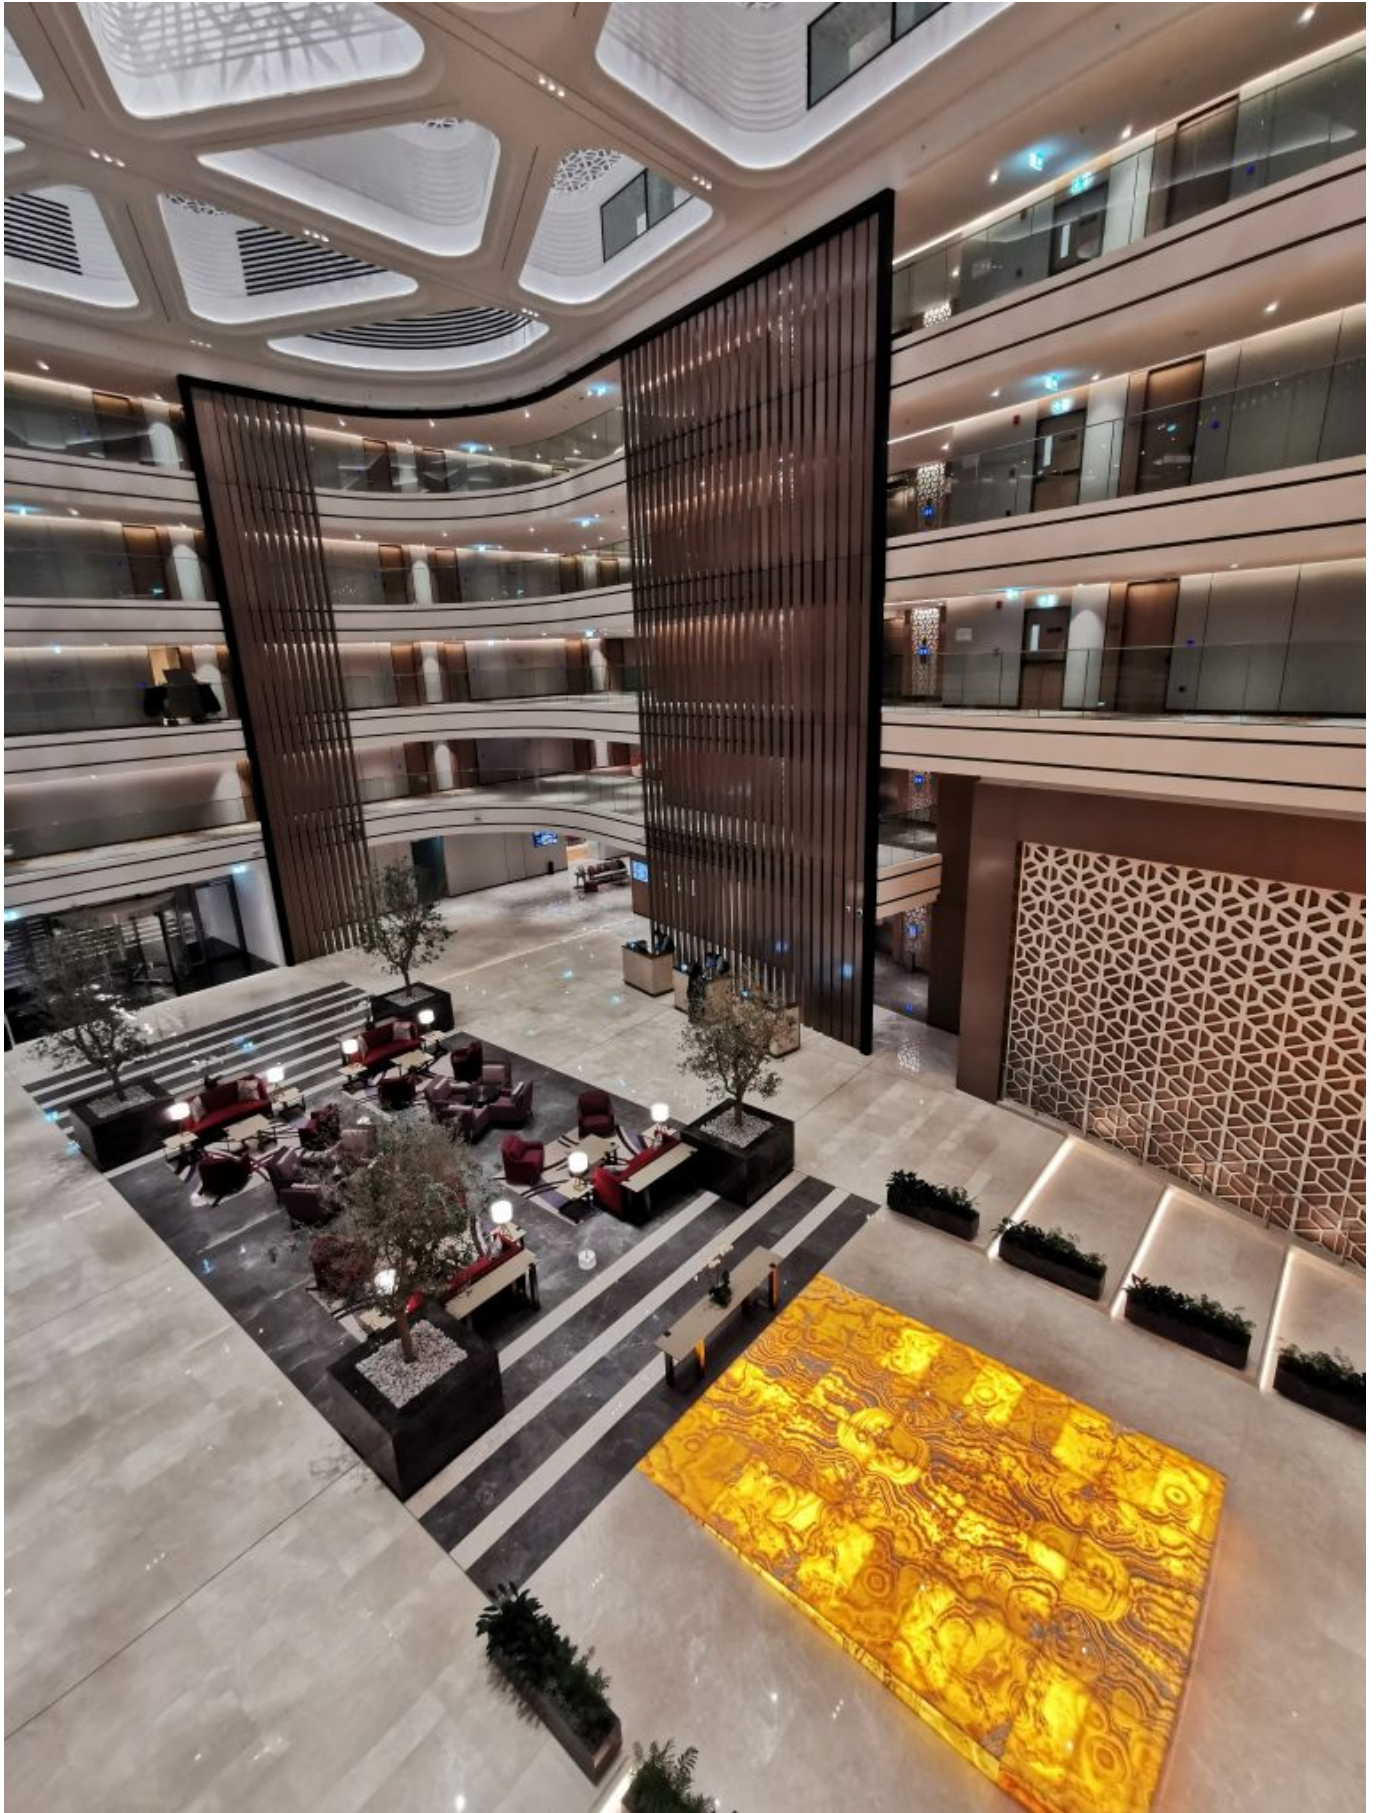

But first let me expand on its fortunate situation, as that will explain the context better...

Imagine that from one end you start with an 85-berth luxury yacht marina next to a lovely sandy beach, and then traverse garden after garden of manicured grounds, then a championship golf course, a few lakes - ah, wait! Horse-riding stables, motocross track, pro shooting range, tennis courts, as many as 25 restaurants and bars - and then you understand the location of JA Lake View Hotel.

Basically, it is in Dubai's largest resort area!

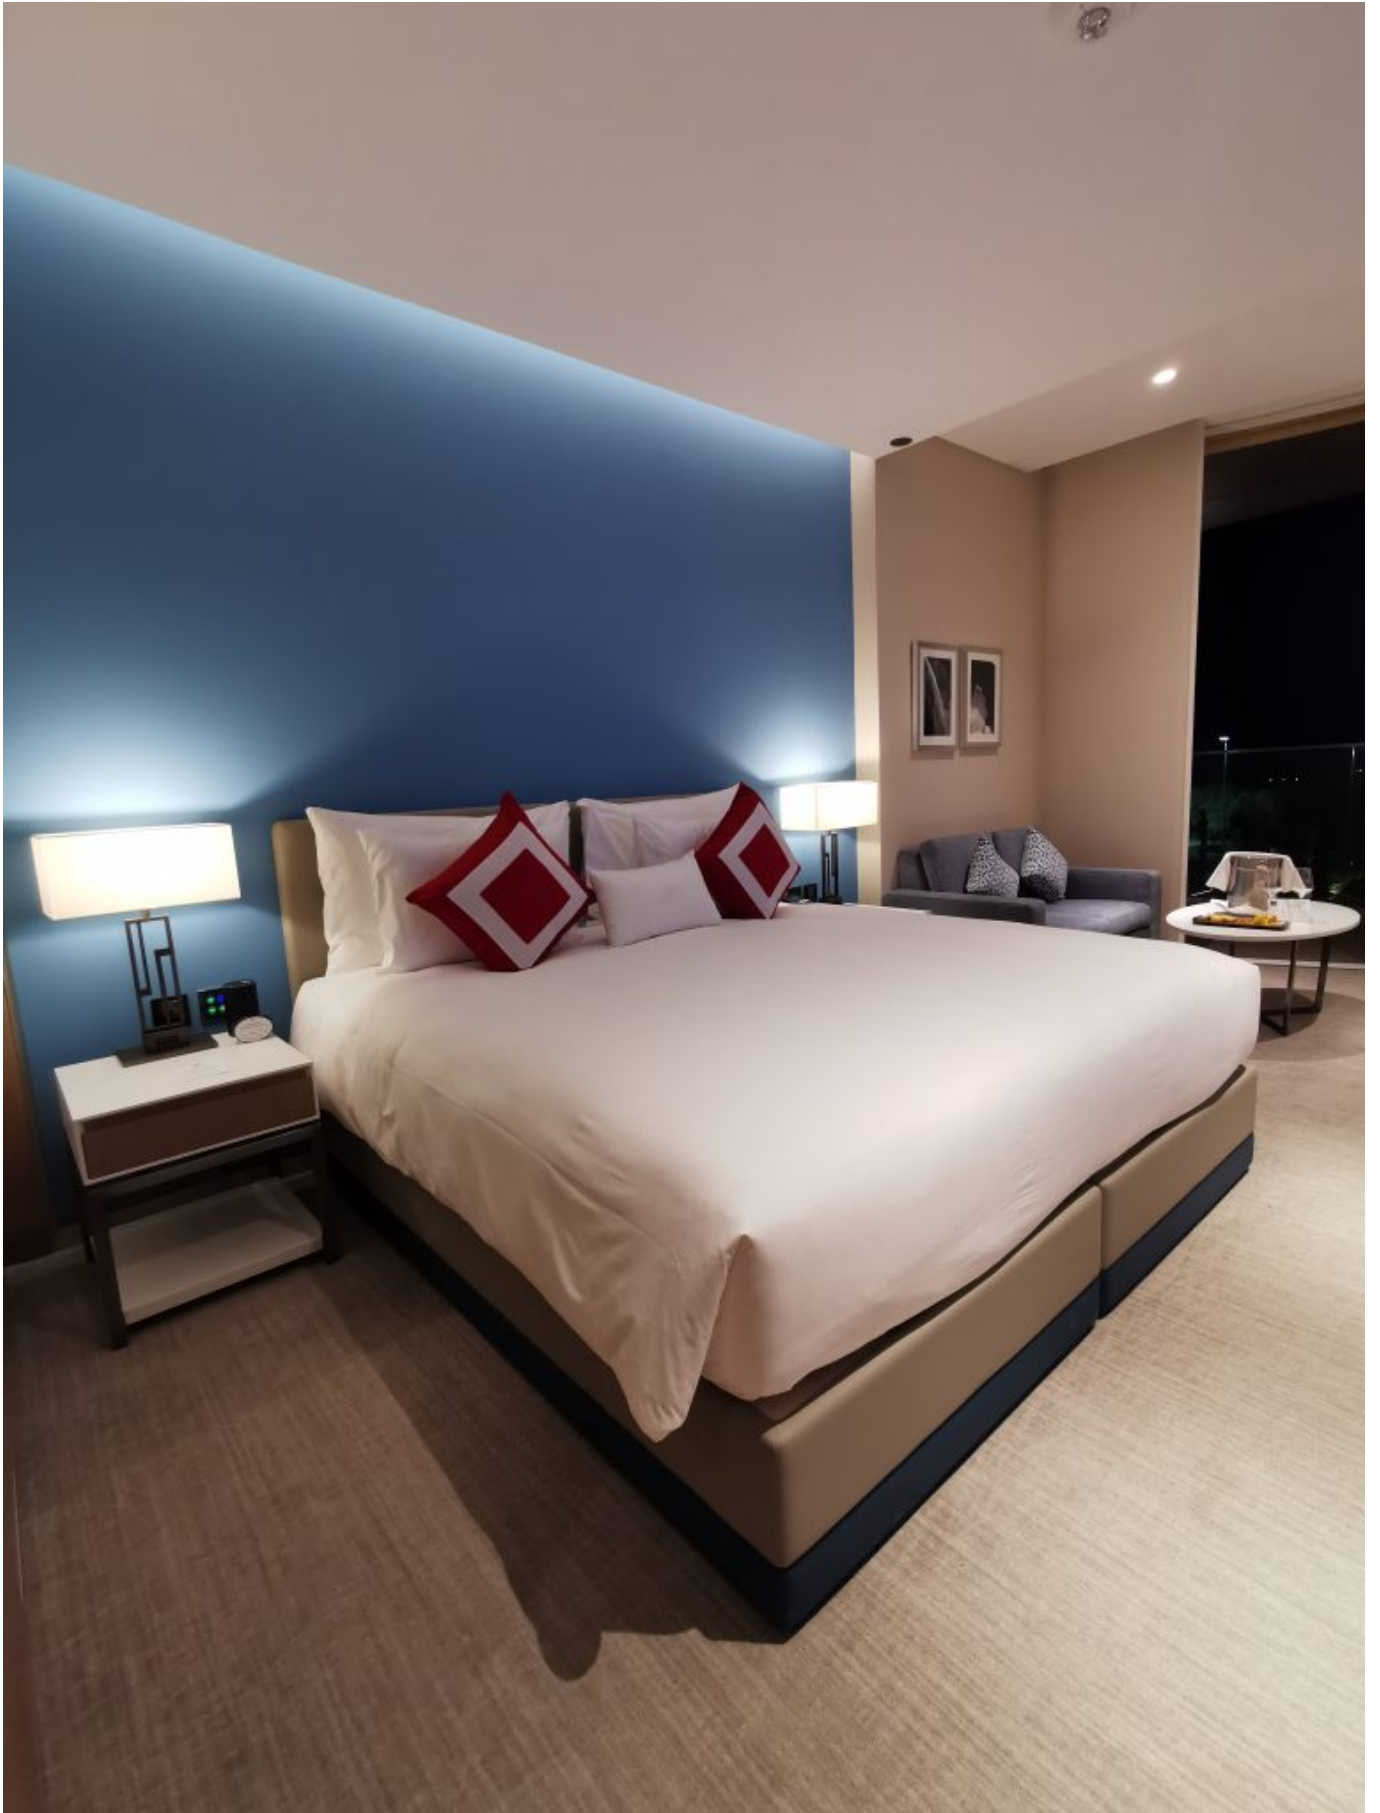

JA Lake View Hotel is splendid in all regards.

But at the same time it is comfortable and relaxing, so you feel at home in the luxury and masterful architecture and decor...

It has soul.

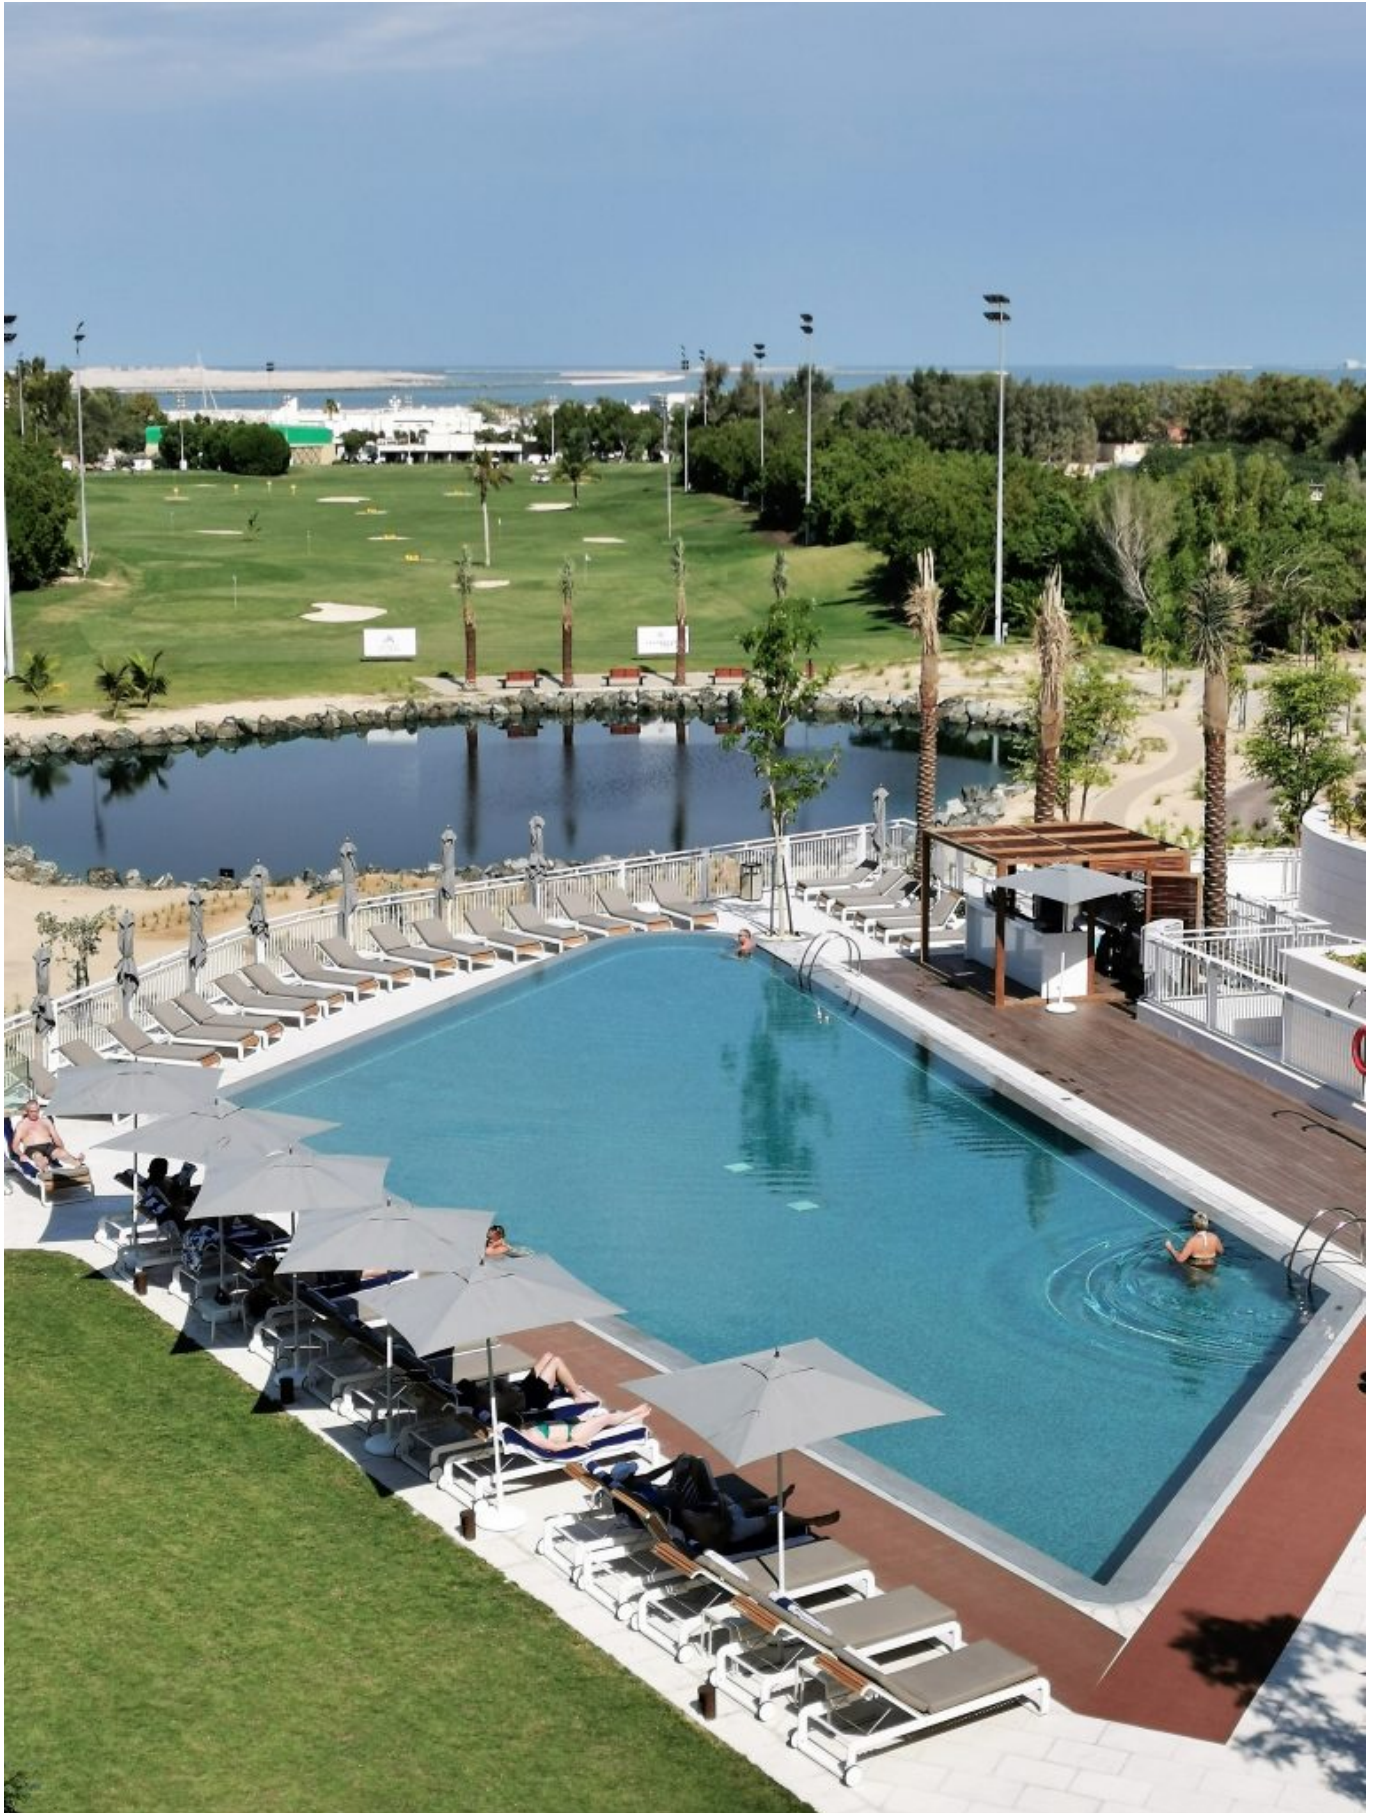

## JA Lake View Hotel in Dubai

And from your balcony, the views are spectacular, day or night.

And breakfast is down by the golf course...

Within the JA Lake View Hotel grounds there are five amazing restaurants, including Kinara by Vikas Khanna (which I'll write about in detail separately, because basically I'm going to say it's Dubai's best fusion restaurant... )

And so you are certain to be spoiled for dining and drinks during your stay!

All the way up to the ultra-chic rooftop bar and lounge, Bibé.

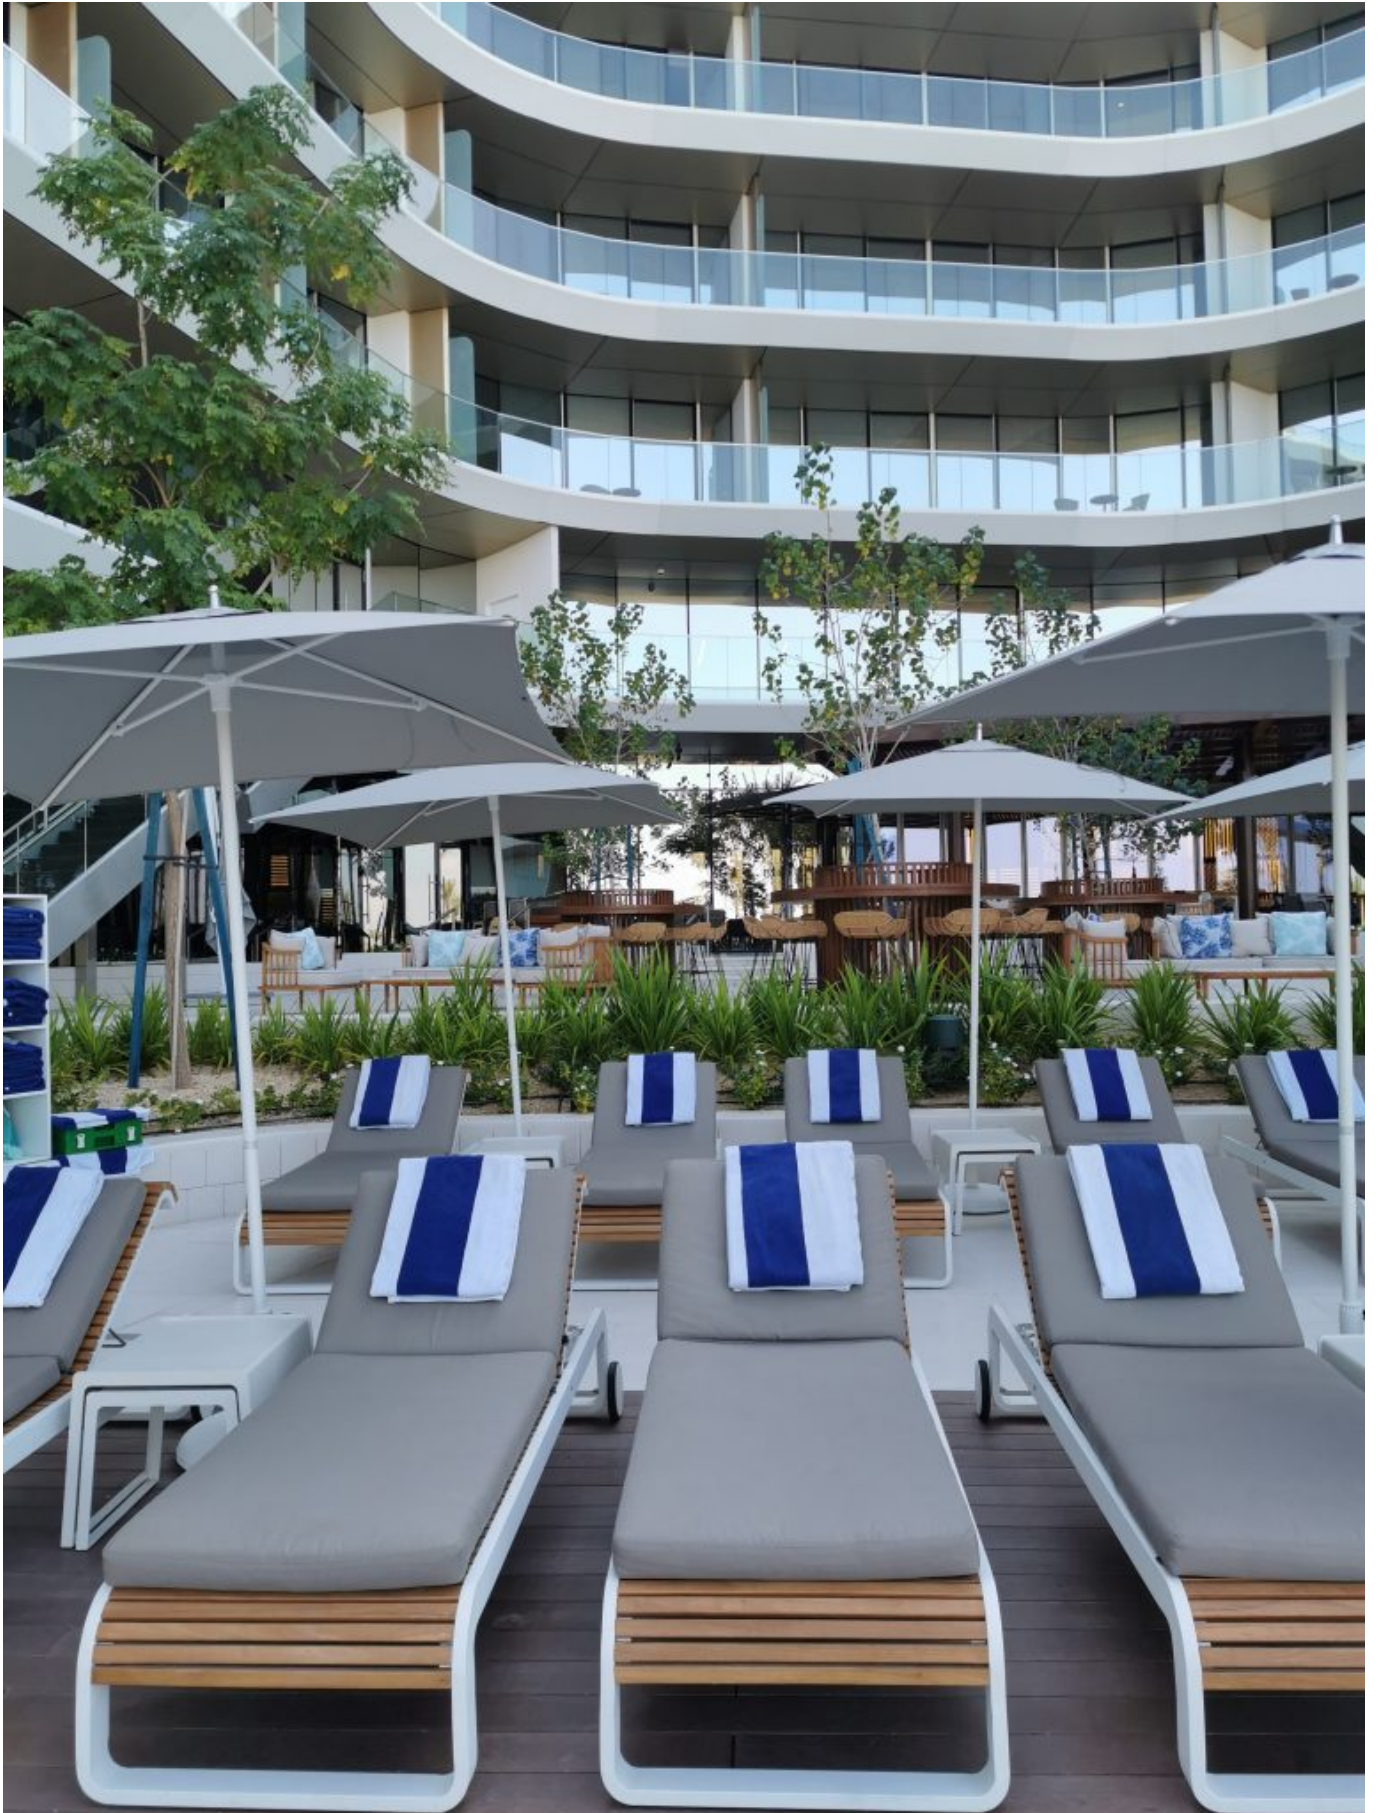

There's a corner for everyone at JA Lake View Hotel - whether you are sports-minded, seeking relaxation, on business, or looking to impress!

And the various swimming pools offer you heat-controlled excellence...

So for a staycation close to Dubai, but at the same time feeling a million miles away, JA Lake View Hotel provides stellar silver-service within its own world-class facilities, as well as then being part of a much larger and multi-faceted luxury resort complex - a whole 128 acres of it!

And just inquire about the All-Inclusive Staycation packages!
