

One my favorite sunset watering holes and outdoor/indoor sports lounge - on the 19th floor, top of the world!

The view before sundown...

... the view after!

And in between: comfy lounge sofas, good music, great people, and super food!

Maybe watch the game, maybe focus on the conversation - here is your eagle's nest, high above the rooftops.

Or move indoors...

Great place to catch up with friends,

or for an intimate chat,

or make some new friends along the bar!

But besides the awesome location up high, and the relaxed comfort, the heart of Joe's Backyard is the BBQ!

Joe's Backyard offers fantastic grilled steaks and succulent slow-cooked meats, in southern USA style!

Check it out!

8-hours smoked prime brisket, either a whopping 200 grams chunk, or three pulled sliders slathered in sweet BBQ sauce, plus a serving of 400 grams of fall-off-the-bone veal sticky back ribs!

Spectacularly delicious, prepared with excellence and patience...

See the detail...

And when Joe's serves on a hot plate, it means HOT!

And there's something for everyone - fair is fair, and all are welcome at Joe's Backyard!

Although everyone loves dessert!

Overall, Joe's Backyard has hit the nail on the head with an awesome rooftop open-air location, and a relaxed chill-out feel for soaking in amazing sunsets and enjoying chit-chats - plus Joe's BBQ meats are out of this world!

For an afternoon get-together after work, or an evening out in the fresh air up high on the 19th floor, Joe's Backyard is one of Dubai's top sports lounges.

And this Saturday, November 27th, Joe's Backyard celebrates its 3rd anniversary, welcoming all friends and guests to join in the celebrations with special deals from 8pm onwards!
