Valentine's Day Immersive Art Workshop at the Theatre of Digital Art, Dubai

A gorgeous voice, known misteriously as @akmo_art, serenaded us all evening!

Besides the exceptional gallery hall, and the wonderful ambiance, all that you need is provided.

And expert guidance is projected onto the walls, with clear instructions for beginners, as well as encouragement to experiment and expand - additionally the artist in lead circulated continuously, stopping in for a smile, a nod, and advice if requested.

And so we began our work!

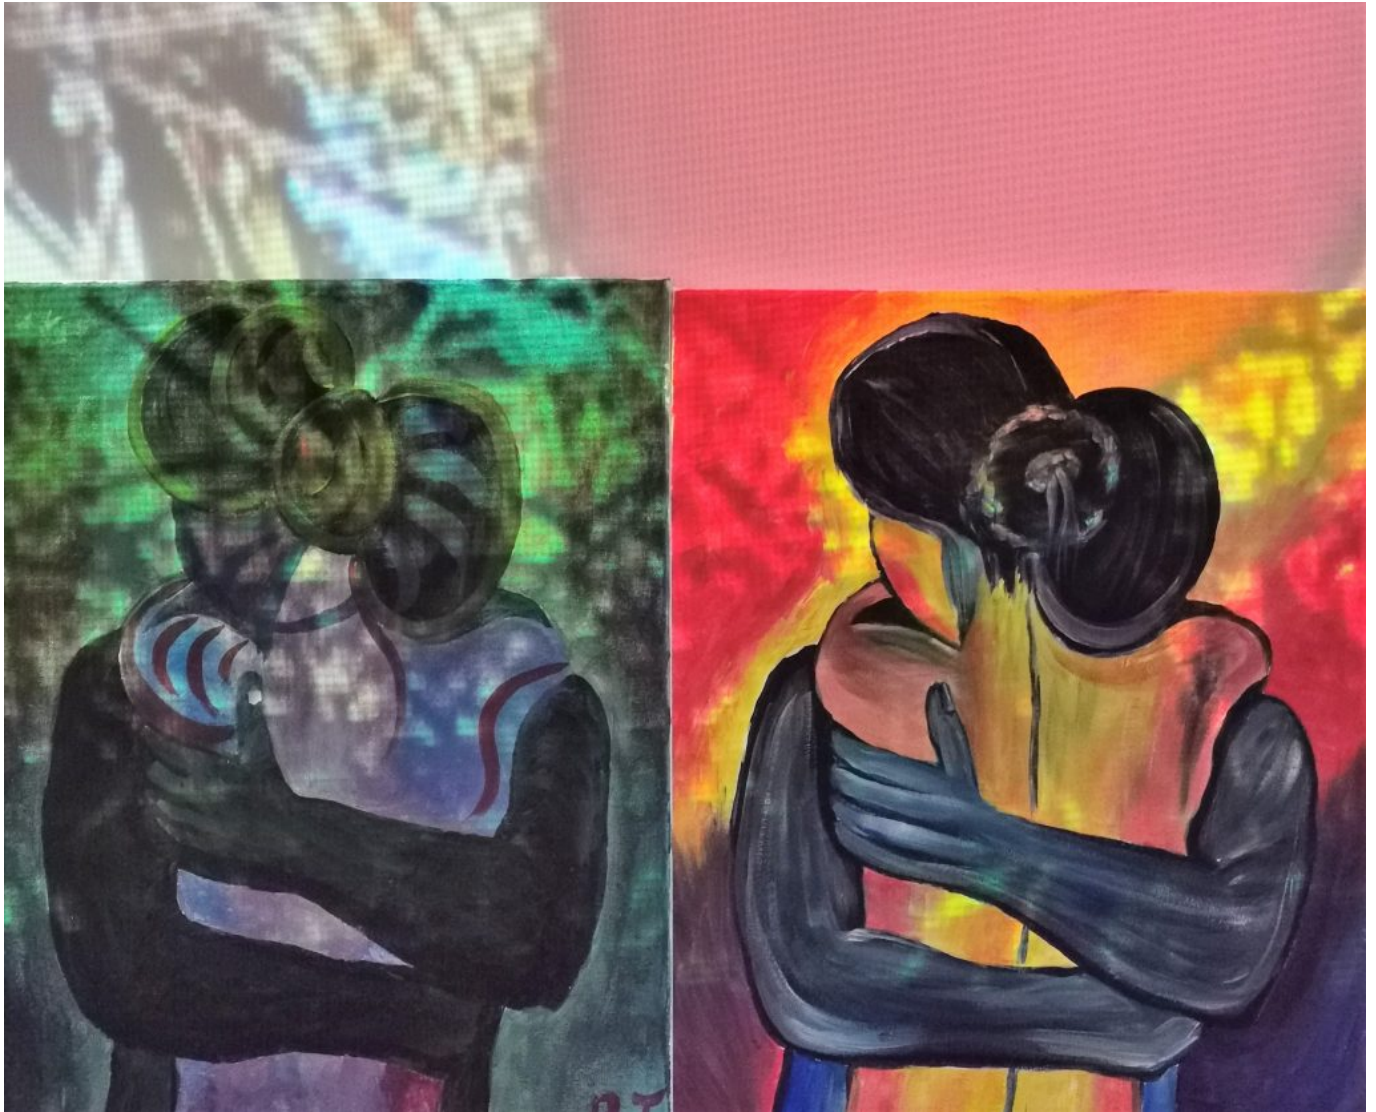

And soon the evening just melted away, all of us “in the zone”, pampered by the friendly ToDA staff and their menu, and sharing precious time together with our partner while engaged in a creative activity of beauty and deliberate movement.

In fact, time flew...

And the results were simply beautiful all around, like a magical garden of human artistic endeavour had sprouted into colorful blooms!

The canvas we took home with us represents a memento of a slice of time spent together, in Dubai, at ToDA - and it will be cherished for years to come.

For an artistic activity of great personal value - and this is from a first timer's perspective! - the immersive art workshops offered to the public at the Theatre of Digital Art transcend the everyday life and transport one to a miracle universe of imagination and almost meditative creativity.

A must try!
