

Weekend for Ramen Festival at Sumo Sushi & Bento in Town Centre Jumeirah,
Dubai

Sumo Sushi & Bento in Town Centre Jumeirah is a happy, yummy place every day - but when they run their special festivals, the level of yumminess shoots up!

This is indeed the case for the Ramen Festival!

A wonderful selection of the hearty Japanese noodle soups are prepared specially until the end of February - and I'm already curious what their surprise will be after that!

The Sumo Sushi & Bento ramen bowls are a complete meal, by the way, and in fact they are a popular office lunch item in Japan.

And as always creativity pushes innovation, and the good folk in the Sumo kitchens have planned for nine different bowls, with a variety of ingredients; including two brand-new inventions: the Birria Ramen (Mexican beef!!) and the Cheese Ramen!

Other favorites include the Gyoza Ramen, Tempura Ramen, Chicken Miso Ramen... oh, just go to Sumo Sushi & Bento and see for yourself!

Naturally, while you're there, might as well sample a few other delicacies!

Sushi and sashimi are of course their speciality, and the selection is amazing.

And the portions are generous, too!

But you will also find other crispy-crunchy-yummy items on the menu...

... as well as very delicious drinks.

And all of this enjoyed in a large and open environment, unique to Town Centre Jumeirah, where the ceiling is glass, allowing for an abundance of natural light.
