Indeed, any of the DoubleTree by Hilton Resort & Spa's restaurants and bars offer a formidable mouth-watering selection of delicacies!

At the northern end of the beach, Sanchaya presents an elaborate menu of Asian specialities, and right next door Meze proposes authentic Turkish fare.

Dinner at either of these will be superlative, particularly now the weather is excellent outdoors, by the seaside!

Meze put on quite an extravaganza of delicious dishes!

As well as carrying a selection of original Turkish drinks...

The DoubleTree resort grounds are so ample that these two currents flowed in harmony - and I was even inspired to wake up at dawn, to be greeted by the most amazing sunrise ever!

And so did a few other guests...
